

ACV Fj 15: Abbaye du Lac de Joux, property in Mollens etc., commissaire Abel Mayor of Romainmôtier, 1552-1564.

With notation that it was reviewed in 1669 by Samuel Gaudard during the preparation of a later terrier. Major section for Ballens has been cut out of this volume! However, there are references to these lost pages in Fg 132 and perhaps elsewhere, which may allow a partial reconstruction. Information gleaned from Fg 132 has been added below for the index section relating to the lost pages for Ballens.
