

AVL C 318 Prieuré de Lutry 1538, commissaire Jean Gignilliat, copied by Nicolas Bulet

Abstracts prepared by John W. McCoy (RealMac@aol.com) © 2016.

This volume appears to be a complete and careful copy of an original terrier that also appears to have given rise to ACV Ff 76bis, which is now incomplete. Ff 76bis and C 318 agree up to the end of the first section, for Savuit. After that point, Ff 76bis contains only 3 reconnaissances. AVL C 318 has the additional advantage of being perfectly legible and perfectly preserved.
