This terrier has been digitized on www.familysearch.org : [Image Group 102553324](#)

We first accessed this volume on microfilm, the original is too fragile to handle. It is now available in digital format. This terrier appears to be one of the predecessors of Ff 76bis (incomplete) and its complete copy AVL C 318, commissaire Jean Gignilliat, 1538. A predecessor may be Ff 12, circa 1420, commissaire Petrus de Quercu.

The section for Savuit (folios 130-180) was copied from microfilm.
