

ACV Fm 1 quater Documents supporting rights of various ancestors of the Chalon family of Cugy

Abstracts prepared by John W. McCoy (RealMac@aol.com) © 2020.

This volume is labeled **A** on the cover. It is referred to as “**Liber A**” in at least two other terriers for Blaise Chalon and his ancestors, Fm 3 bis and Fm 3 quater. The individual transactions appear to be mostly in the hands of the notaries whose signatures and paraphes appear at the end of each one. Many of the items bear marginal notations by Blaise Chalon, and some have been lined out, either because the instrument had been superseded by a later reconnaissance or other transaction (as noted in the margins), or, apparently, because the instrument was irrelevant but happened to be written on the back of some other significant transaction that was bound into this volume.

Many notaries are represented in this volume, and it is possible that some of their registers might survive in the Archives d’Etat de Fribourg, as the possessions and interests of the Mayor and Chalon families extended beyond the boundaries of the modern canton of Vaud.

There is a later répertoire at the beginning, listing the contents by location and then by folio number :

After the répertoire, the contents are on a different paper and in different hands.

1 (While this folio is clearly labeled, the first paragraph is the end of some other transaction, demonstrating that the volume was assembled directly from separate copies of various documents prepared by the notaries who had recorded them, or by their clerks : ... sub pena dupli cum omni jure etc. secundum dictas consuetudines... datum ut supra, with small [∴—] and larger [flourish at the end of a horizontal line forming a small heart, no dots or other decorations] paraphes, laudata est, but without a signature or the name of the notary.)

Prenominatus Johannes Lambelliez, datum ut supra ⁘—, reconnaissance (but for whom, is not stated) for a parcel of land previously recognized by Johannodus Groumond, laudata est, with simple paraphe as described above, but without a signature or the name of the notary. (Margin : Tenet Johannes Borgonyon.)

1v Jaquetus Neret alias Leguens filius quondam Petri Neret alias Leguens de Vissin, datum ut supra ⁘—, reconnaissance (but for whom, is not stated) for properties previously recognized by Perrodus Neret, laudata est, with same markings as the previous item. (Margin : Recognitum est jam.)

2v Humbertus Philymont nunc residens Cugiaci tanquam usufructuarius in bonis quondam Yssabelle ? (written yfç) quondam uxoris sue filieque quondam Jaqueto Collom, reconnaissance for predictus Petrus Mayor, des bonis alias recognitis per dictum quondam Jaquetum Collom, text ends at the bottom of the page, incomplete – this text is included apparently because it was on the verso of the folio containing the end of the previous item. (However, marginal notation at the top : Vide post folio xxiiii. – but we have so far not discovered any related transactions “after” folio 24.)

3 (In a different hand, presumably that of Jaquetus Mayor, who signs this item) Jacobus filius quondam Jaqueti Blam de Fetignyer, 28 apr 1466, reconnaissance for Anthonia filia quondam Petri Mayor antenati de Cugie clerici uxorque Petri Saucteir clerici, ex accensatione nova, de bonis alias recognitis per quondam Jaquetum Philimont, with signature and paraphe of Jaquetus ? (or perhaps Jacobus) Mayor.

4 Nicodus Jenod ? filius quondam Johannis Jenod burgensis Paterniaci, 11 may 1477, reprehendit, replacitat, et recognoscit ... de morte et obitu quondam Petri Mayor antenati de Cugie clerici, ab Oddeto de Rippa, Johanne de Trevaul burgensis Paterniaci, et ab Anthonia filia predicti quondam Petri Mayor clerici et heredis (should be herede, referring to Anthonia, meaning she is the heir of Petrus Mayor – see next item) uxoreque Petri Saucteir clerici, with signature and paraphe of Johannes Leveti.

4v Oliverius Ruerat de Corcellis burgensis Paterniaci filiusque quondam Jaqueti Ruerat, 30 may 1477, reprehendit, replacitat, et recognoscit de morte et obitu quondam Petri Mayor antenati de Cugie clierici... ab Oddeto de Rippa burgensis Paterniaci necnon a Johanne de Trevaul et ab Anthonia filia et herede dicti quondam Petri Mayor uxoreque Petri Saucteir, with signature and paraphe of Johannes Leveti.

6 Petrus filius quondam Roleti Cicudex alias Dusson (elsewhere Dosson) nunc morans apud Fetignyer, 03 feb 1490 Style of the Annunciation, reconaissance for Anthonia filia quondam Petri Mayor antenati, text ends with small paraphe (of the copyist ?) ⁘—, but with an N at the end of the horizontal line. Beneath the text, the signature and paraphe of Franciscus Ruerat.

(Fols. 7-9 are blank.)

9v (Lined out) Anthonius Pignerat ?, apparently an acknowledgement of a debt to Petrus Saucterii, die Sabati festi Conceptionis Beate Marie Virginis 1481, much of this short item is illegible.

(Lined out) ~~Girarda filia quondam Nicodi Bersier de Cugie, debt to Petrus Saucteri clerici Cugiaci, 32 sols, die Lune ante Dominicam de Remiscere, 1483.~~

10 (All items on this jumbled page apparently lined out) Anthonius Pigneret residens Cugiaci pro se etc. debere confitetur Petro Saucterii clerico, 12 sols, apparently a simple debt, die Veneris 05 mar 1481, signature and paraphe of Georgius ? Leveti lined out. Followed by very rough "Items" that all seem to be debts, possibly involving the same Anthonius Pigneret, various liturgical dates but no years stated. It is possible that this page was not relevant, and that it was the content on the other side, 10v, that was of interest at the time this volume was assembled.

10v (Lined out) ~~Johannes filius quondam Johannis Pictet alias Perrod de Menieres, 12 mar 1480 ?, debt to Petrus Saucterii, 14 sols, with signature and paraphe of Georgius Leveti.~~

(Lined out) ~~Girardus filius quondam Petri Mondoiz de Menieres, die et anno quibus supra (=12 mar 1480 ?), debt to predictus Petrus Saucterii, 18 (sols ?) erga computi inter ipsos facti..., with signature and paraphe of Georgius Leveti.~~ At the end of the text, small paraphe ∴ — .
